

Course Description Guide in Bachelor of Science in Midwifery (Continuous)

First Semester

No	Course Title	No of Credit(s)		Prerequisite
		Theoretical	Practical	
1	Cytology And Histology	1.5	0.5	-
2	Biochemistry	1.5	0.5	-
3	Anatomy 1	1.5	0.5	-
4	Physiology 1	1.5	0.5	Cytology And Histology- Biochemistry- Anatomy 1
5	Theoretical Microbiology	2		
6	Practical Microbiology		1	Theoretical Microbiology- Parasitology And Mycology
7	Parasitology And Mycology	1		Theoretical Microbiology
8	Principles And Techniques Of Nursing/Midwifery Procedures In Delivery And Operating Room	1	1	-
9	Physical Education 1		1	-
10	Information Technology In Midwifery Education	0.5	0.5	-
11	Pre-Sessional English Language Course	2		-

Course Description Guide in Bachelor of Science in Midwifery (Continuous)

Second Semester

No	Course Title	No of Credit(s)		prerequisite
		Theoretical	Practical	
1	Pregnancy And Childbirth 1	2		Basic Science Courses
2	Anatomy 2	2.5	0.5	Anatomy 1
3	Physiology 2	1.5	0.5	Anatomy 2- Physiology 1
4	Principles And Techniques of Nursing/Midwifery Procedures In Delivery And Operating Room (Practicum)		1	Principles And Techniques Of Nursing/Midwifery Procedures In Delivery And Operating Room
5	Embryology	2		Cytology And Histology- Anatomy 1 & 2
6	Semiology And Clinical Assessment	1		Anatomy 1 & 2- Physiology 1 & 2- Immunology- Theoretical Microbiology- Parasitology And Mycology
7	Midwifery Care of Infants	2		Embryology
8	Immunology	1.5	0.5	-
9	General English	3		-
10	Islamic Thought 1	2		-

Course Description Guide in Bachelor of Science in Midwifery (Continuous)

Third Semester

No	Course Title	No of Credit(s)		Prerequisite
		Theoretical	Practical	
1	Pregnancy And Childbirth 2	2		Pregnancy And Childbirth 1- Normal Pregnancy Practicum
2	Normal Pregnancy Practicum		1	Pregnancy And Childbirth 1
3	Midwifery Care Of Infants (Practicum)		1	Midwifery Care Of Infants
4	Semiology And Clinical Assessment (Practicum)		1	Semiology And Clinical Assessment
5	Physiopathology Of Internal Diseases 1	3		Basic Science Courses- Semiology And Clinical Assessment
6	General Pharmacology 1	2		Biochemistry- Physiology 1 & 2
7	General And Systematic Pathology	0.5	0.5	Cytology And Histology- Immunology- Theoretical Microbiology- Practical Microbiology- Parasitology And Mycology
8	Principles of Community Health 1 (health 1)	1.5	0.5	-
9	Specialized English Language (Medical Terminology)	2		-
10	Iran's Islamic Revolution	2		-
11	Islamic Thought 2	1		-

Course Description Guide in Bachelor of Science in Midwifery (Continuous)

Fourth Semester

No	Course Title	No of Credit(s)		Prerequisite
		Theoretical	Practical	
1	Pregnancy And Childbirth 3	2		Pregnancy And Childbirth 1 & 2
2	Natural Childbirth Practicum		2	Pregnancy And Childbirth 2
3	Childhood Diseases And Disorders	2		Midwifery Care Of Infants
4	Childhood Diseases And Disorders Practicum		1	Childhood Diseases And Disorders
5	Physiopathology Of Internal Diseases 2	2		Physiopathology Of Internal Diseases 1
6	Pharmacology 2	1		Physiology 1 & 2- Pharmacology 1
7	Principles Of Epidemiology And Disease Control (Health 2)	2		Pregnancy And Childbirth 1- Principles Of Community Health 1- Theoretical Microbiology- Parasitology And Mycology
8	Biostatistics	1.5	0.5	Principles Of Epidemiology And Disease Control (Health 2)
9	General Psychology And Psychology of Women/Family	2		-
10	Persian Literature	3		-
11	Physical Education 2		1	Physical Education 1

Course Description Guide in Bachelor of Science in Midwifery (Continuous)

Fifth Semester

No	Course Title	No of Credit(s)		Prerequisite
		Theoretical	Practical	
1	Pregnancy And Childbirth 4	1		Pregnancy And Childbirth 1-3- Physiopathology Of Internal Diseases 1 & 2- Surgical Pathophysiology
2	Normal And Abnormal Labor & Delivery Practicum		2	Pregnancy And Childbirth 3
3	Communication, Health Promotion, And Counselling For Maternal And Newborn Health (Health 3)	1		Principles Of Community Health 1- General Psychology And Psychology Of Women/Family -Principles Of Healthy Eating - Mother, Infant And Young Child - Pregnancy And Childbirth 1- Midwifery Care Of Infants- Childhood Diseases And Disorders
4	Principles Of Healthy Eating - Mother, Infant And Young Child	2		Biochemistry- Physiology 1 & 2
5	Physiopathology Of Internal Diseases 3	2		Physiopathology Of Internal Diseases 1 & 2
6	Surgical Pathophysiology	2		Physiopathology Of Internal Diseases 1-3
7	Medical Surgical Diseases Practicum		1	Physiopathology Of Internal Diseases 1- 3- Surgical Pathophysiology
8	Gynecological Diseases And Infertility	3		Pregnancy And Childbirth 1-3- Semiology And Clinical Assessment
9	History, Ethics, Rules And Regulations In Midwifery	1		Pregnancy And Childbirth 1 & 2- Gynecological Diseases And Infertility- Normal And Labor & Delivery Practicum
10	Forensic Midwifery	1		History, Ethics, Rules And Regulations In Midwifery
11	Forensic Midwifery Practicum	1		History, Ethics, Rules And Regulations In Midwifery- Forensic Midwifery
12	Islamic Ethics	2		-
13	History, Culture And Civilization Of Islam	2		-

Course Description Guide in Bachelor of Science in Midwifery (Continuous)

Sixth Semester

No	Course Title	No of Credit(s)		Prerequisite
		Theoretical	Practical	
1	Fertility, Maternal, And Child Health (Health 4)	2		Communication, Health Promotion, And Counselling For Maternal And Newborn Health (Health 3)
2	Normal And Abnormal Labor & Delivery Practicum		1	Pregnancy And Childbirth 3
3	Psychological Principles In Midwifery	1		General Psychology And Psychology Of Women/Family
4	Sexual Dysfunction & Disorders	1		Psychological Principles In Midwifery
5	Radiology, Sonology, And Electrology In Midwifery And Women	1		Pregnancy And Childbirth 1-3- Gynecological Diseases And Infertility
6	Management Principles And Their Application To Midwifery Practice	2		Pregnancy And Childbirth 1 & 2
7	Women's Diseases Practicum		2	Gynecological Diseases And Infertility
8	Reproductive Health And Family Planning		2	Communication. Health Promotion, And Counselling For Maternal And Newborn Health (Health 3)-Fertility, Maternal, And Child Health (Health 4)
9	Genetics	2		
10	Quality Management And Health Promotion For Reproductive, Maternal, Newborn Health (Health 5)	1		Principles of Community Health (Health 1)- Communication. Health Promotion, And Counselling For Maternal And Newborn Health (Health 3)
11	Research Methodology	0.5	0.5	Pregnancy And Childbirth 3- Quality Management And Health Promotion For Reproductive, Maternal, Newborn Health (Health 5)- Gynecological Diseases And Infertility- Fertility, Maternal, And Child Health (Health 4)
12	Culture, History, And Civilization In Islam And Iran	2		-
13	Introduction To Islamic Resources	2		-

Course Description Guide in Bachelor of Science in Midwifery (Continuous)

Seventh Semester

No	Course Title	No of Credit(s)	
		Theoretical	Practical
1	Normal And Abnormal Pregnancy Internship		1.5
2	Normal And Abnormal Labor & Delivery Internship (1)		2.5
3	Gynecological Diseases And Infertility Internship		1
4	Radiology, Sonology, And Electrology In Midwifery And Women Internship		1
5	Midwifery Care Of Infant With Intensive Care Need Internship		1
6	Medical Surgical Disorders In Pregnancy Internship		1

Eighth Semester

No	Course Title	No of Credit(s)	
		Theoretical	Practical
1	Normal And Abnormal Pregnancy Internship		1.5
2	Normal And Abnormal Labor & Delivery Internship (2)		2.5
3	Reproductive Health And Family Planning Internship		2
4	Management Principles And Their Application To Midwifery Practice Internship		1
5	Gynecological Diseases And Infertility Internship		1
